M8 PHEV

Official website

GENERAL SPECIFICATION	2.0TM	
	PREMIUM	LUXURY
ESTIMATED PRICE (FOR PEN. MALAYSIA ONLY)	RM 333,000	RM 380,000
Dimension		
Length×Width×Height (mm)	5212 x 1893 x 1823	
Wheelbase (mm)	3070	
Powertrain & Performance		
Combine Max Output (PS)	372	
Combined Max Torque (Nm)	630	
Combined Driving Range (km)	1038	
Pure Electric Driving Range (km)	120	
Battery		
Battery Type	Magazine Battery	
Battery Capacity (kWh)	25.57	
Battery Charging	AC Charging & DC Charging	
V2L	●	
Chassis		
Suspension	Front Suspension: McPherson Strut Rear Suspension: Multi-link Suspension	
Smart Damping Control (SDC)	No	Yes
Adaptive Vehicle Dynamic Control (AVDC)	●	●
Interior		
Draft-Free Air Conditioning Roof Vents	●	●
Massage Function	●	●
Safety		
Airbags Protection	7 Airbags (360°)	
Advanced Driver Assistance System (ADAS)	Level 2 Intelligent Driving Assistance	
Acoustic Vehicle Alert System (AVAS)	●	●
Full Auto Parking Assistance (FAPA)	No	Yes

*Specifications and features may vary by variant.

NOTE:

- WTC Automotif (M) Sdn. Bhd. reserves the right to change specifications without prior notice.
- The illustration may show accessories and optional extras which are not part of the standard specification please consult your local dealer for more detailed information on available options or option packages, including configurations, service, parts and accessories.
- Official data for driving range are based on New European Driving Cycle (NEDC) obtained underspecific testing conditions. The real-life fuel consumption achieved under real conditions variesdepending on driving behaviour and other external factors.
- Estimate charging times and charging input are provided as a reference only. Actual charging times will vary based on several factors, including battery state of charge, battery condition, ambient and battery temperature and charging equipment capability. Frequent and consecutive fast charging can permanently decrease battery capacity.
- Figure for rated output and rated torque are based on engine measurements.
