

The Golf R-Line

For those who live for the **vibes.**

Visit the
model page

Style that makes a statement

The heritage of the Golf R-Line stretches back through the generations, an evolution of the original iconic hatchback. With carefully balanced proportions of form and function, the Golf R-Line refines a timeless design into the unmistakably modern.

Efficiency in motion

Punch above your weight

The Golf R-Line is powered by a 1.5-litre eTSI mild-hybrid powertrain that combines turbocharged performance with a 48V battery. This integration of direct-injection technology and mild-hybrid efficiency delivers smooth acceleration and a more economical drive, allowing you to go further on a single tank.

Dressed to delight

Timeless design, reimagined

Flanking the illuminated 'VW' logo are striking IQ.Light LED matrix headlights with High Beam Plus. These adapt automatically to traffic to reduce glare while keeping the road brilliantly lit for confident driving, day or night.

Stage presence

The R-Line exterior styling provides a hint of sporty aggression, highlighted by 17-inch Coventry alloy wheel for a dynamic stance.

Shine for you

Unique headlight and taillight sequences, and 'VW' puddle lights greet you whenever you unlock your vehicle.

Space that inspires

Elegance in every turn

A leather-wrapped, multifunction sports steering wheel with reinstated physical buttons and a heating function adds a touch of refinement, comfort, and control.

Simple comforts

Manually-adjustable seats, finished in fabric R-Line upholstery with Artvelours inserts provide a simple yet elegant approach to interior comfort.

Colour it your way

30-colour ambient lighting with five preset themes — Infinity, Eternity, Desire, Euphoria, and Vitality — along with LED front footwell illumination makes for a party on the move, giving you a foreground to match the scenic backdrops on your journeys.

Intelligence meets instinct

Effortlessly intuitive

The redesigned 12.9-inch MIB4 infotainment system offers seamless control, featuring preloaded Malaysian navigation data with 2D/3D map view, and night-time illumination for ease of use.

Choose from four distinct Driving Modes — Eco, Comfort, Sport, and Individual — each designed to adapt the drive to your mood. With the IDA voice assistant, you can effortlessly manage music, navigation, and air conditioning using simple voice commands.

Stay connected

Volkswagen App-Connect® is equipped with Apple 'CarPlay' and Google 'Android Auto', giving you easy wireless connection to up to two compatible mobile devices. Stay powered on every journey with two front USB-C ports, two rear charging ports, and a wireless charging pad for added convenience.

Music you want to hear

A 7-speaker sound system offers crystal clear reproduction of the music you want to hear, playing over Bluetooth or other wireless connectivity functions. Choose from a range of sound profiles to tailor the acoustics to your mood.

Stay focused on the road

The 10-inch high-resolution Digital Cockpit Pro, gives you the flexibility to display the information you want, from navigational directions to driver assistance alerts, for complete control.

Stay recharged

The Golf R-Line's 48V mild-hybrid (MHEV) system uses recuperation energy recovery during braking to boost efficiency and deliver refined, responsive performance.

Cool, calm, collected

3-zone electronic climate control means that you can set the perfect temperature for each occupant throughout the cabin, along with automatic air recirculation and allergy filters for better air quality.

IQ.DRIVE

Adaptive Cruise Control

Stay sharp with sensors that adjust speed and distance to the vehicle ahead, while staying on course for a carefree journey.

Travel Assist

Navigate tricky bends with adaptive driving, using predictive cruise control and cornering assist based on road conditions.

Side Assist with Rear Traffic Alert and Exit Warning System

Alerts for blind spots, oncoming vehicles when reversing with automatic braking to help prevent collisions, and approaching vehicles when exiting your Volkswagen.

Front Assist with City Emergency Braking

Collision detection alerts you to close passes with vehicles, cyclists and pedestrians ahead, automatically slowing or braking to prevent accidents.

Park Distance Control

Ultrasonic front and rear parking sensors provide clear audible and visual cues through the vehicle's infotainment display, with automatic audio volume reduction for sharper control in every manoeuvre.

Enhanced Safety

Proactive Passenger Protection System

Actively analyses the situation ahead to allow for early precautions such as tightening the seatbelts and triggering the hazard lights.

Advanced Driver Attention and Drowsiness Monitor

Monitors your driving and alerts you if it seems as though you're dozing off, so you know when to stop.

Multi-airbag System

7 airbags positioned throughout the cabin provide all-round protection and peace of mind for everyone onboard.

Genuine Volkswagen Parts

Safe, high quality parts tuned to your Volkswagen

Volkswagen Cares App

We are committed to care and provide the best for Volkswagen customers. More than just a loyalty program, Volkswagen Cares applies on all levels and embodies how we interact, engage, and serve our customers better. Customers may also download the Volkswagen Cares mobile application, an aftersales-led initiative to continuously improve the ownership experience. The mobile app comes with a list of features related to both sales and aftersales, including service offers, owner rewards, educational videos and tips, event updates, and 24-hours' roadside assistance - all at the touch of a button.

Volkswagen Loyalty Advantage (VLA)

Being part of the Volkswagen family comes with rewards. From your 4th scheduled service onwards, enjoy up to 40% savings on genuine parts to keep your Volkswagen in top condition. Plus, drive with peace of mind knowing that all genuine parts are covered by a 2-year unlimited mileage warranty. Speak to our service advisors at your preferred Volkswagen service centre to learn more.

Body & Paint

Safe and strong: Volkswagen Genuine Body Parts give your Volkswagen the necessary stability and offer you the best possible protection in the event of an impact. As we have developed all parts especially for your original, they fit like a glove. The result: You save time and costs in any repair and your Volkswagen remains an original through and through. Best of all, our paint and workmanship comes with 2 years warranty for peace of mind.

24-hour Roadside Assistance

When your Volkswagen has a breakdown, our 24-hour roadside assistance service team is readily available to help you with the following services:

1. Tow assistance and recovery to the nearest Volkswagen service centre. For security reasons, towing service will not be provided to an unattended vehicle.
2. Emergency telephone call to family or friend of the Volkswagen driver.
3. Battery jump start. If your vehicle cannot be driven safely, towing services will be provided.
4. Flat-tyre change (if spare tyre is available) in a safe environment. Otherwise, towing service will be provided.
